

SUPREME CUT

EXTREMELY FAST & EFFICIENT

- Fast, high-performance abrasive paste
- Gives excellent gloss
- Contains ultra-sharp pellets with a uniform, homogeneous size
- Removes even the deepest and most serious defects within seconds
- This paste leaves a minimum of holograms

- Supreme Cut has extreme cutting ability, removes traces of sanding from abrasive P1200 - 1500;
- Suitable for fresh and old paintwork;
- Not recommended for polishing anti-scratch polishes
- You can use a rotary (at 1500 - 2000 rpm) or eccentric (at 2000 - 10000 rpm) polisher;
- For best results, it is recommended to use with a hard or very hard polishing pad.
