## TECHNICAL DATA SHEET

Revision date: 25.10.2021

# SUPER STRONG WHEEL RIM CLEANER

<b>Article number:</b>	<b>49721</b>
<b>Colour:</b>	Transparent
<b>Intended use:</b>	Car care product: Rim cleaner

**General characteristics:** Super strong wheel rim cleaner is an efficient cleaning fluid with a "bleeding effect" on rims, which reacts with strong contaminations. Removes onerous dirt from all types of rims: steel, aluminum, chrome and lacquered. Thanks to this preparation, washing dirty rims becomes fast and efficient, without the risk of scratches.

- bleeding effect
- restores original look
- removes any dirt

## Physical properties:

**Physical state:** liquid  
**Odor:** characteristic  
**pH:** around 6.5  
**Density:** 1.017 g/cm<sup>3</sup>

## Application:

Before use, make sure that the rim is cold. Evenly spray on dirty surface. Wait 90 seconds. During this time the liquid will turn into a „blood red” color. Please do not allow the product to dry on the cleaned surface. A delicate brush or sponge can be used for stubborn dirt. In the case of only lightly dirty rims the bleeding effect may not occur. Rinse the rims with high pressure water.

This release replaces all eventually earlier issued versions.
