

TECHNICAL DATA SHEET

Revision date: 29.07.2019

SILICONE REMOVER

Article number: 26070

Intended use: Car refinishing Product/ Cleaning material/ Detergent

General characteristics: Silicone Remover is essential for professional paintwork results because it thoroughly removes dirt, grease, oil, silicone, wax, tar, adhesive residues etc. Silicone Remover saves a great deal of time because it is quick and easy to use and universally applicable. It enhances adhesion for subsequent coatings.

Applications: Ideal for spot repairs and refinishing parts, as well as all work that requires a professional clean.

Quality and properties:

- Simple, time-saving application
- Thorough removal of silicone, grease, oil, wax, dirt, tar, adhesive residues etc.
- Mild, non-aggressive solvent
- Improves adhesion of subsequent coatings
- Extremely time saving
- Desalination function

Physical and chemical data:

- **Smell:** solvent
- **Efficiency:** very good
- **Substrate:** primed and filled areas
metal, glass
old paints and original paints from supplier
painted and unpainted surfaces
- **Storage:** 10 years if appropriate storage provided (=10° - 25°C, relative air humidity of max. 60%)
- **Size:** Aerosol cans, maximum nominal volume 400 ml
- **VOC-value:** 269,7g
